DRAFT

## **PART 1. DOMESTIC TRAFFIC SERVICES**

### **1. PSTN Call Terminating Access Service (Domestic Calls → TELCO PSTN or Domestic Calls → Digicel PSTN)**

1.1 PSTN Call Terminating Access Service is offered by both TELCO and Digicel. PSTN Call Terminating Access Service is the acceptance by a Party (the “Receiving Party”) of Domestic Calls from the other Party that are handed over at a Point of Connection and for which a Receiving Party’s Fixed Local Number or a Fixed National Number is provided, and delivery or offer of delivery of each such Call to the Designated Destination in respect of that Call.

1.2 The technical standards and operational processes that apply to PSTN Call Terminating Access Service are defined in Annex D (Joint Working Manual).

1.3 Each Party shall provide the PSTN Call Terminating Access Service to the other Party at a quality comparable to the same or similar services provided to its Customers or to its Affiliates.

1.4 The Charges that apply to the PSTN Call Terminating Access Service are defined in Annex C (Pricing Schedule).

### **2. Mobile Call Terminating Access Service (Domestic Calls → TELCO PLMN or Domestic Calls → Digicel PLMN)**

2.1 Mobile Call Terminating Access Service is offered by both TELCO and Digicel. Mobile Call Terminating Access Service is the acceptance by a Party (the “Receiving Party) of Calls from the other Party that are handed over at a Point of Connection and for which a Receiving Party’s Mobile Number is provided, and delivery or offer of delivery of each such Call to the Designated Destination in respect of that Call.

2.2 The technical standards and operational processes that apply to Mobile Call Terminating Access Service are defined in Annex D (Joint Working Manual).

2.3 Each Party shall provide the Mobile Call Terminating Access Service to the other Party at a quality comparable to the same or similar services provided to its Customers or to its Affiliates.

2.4 The Charges that apply to the Mobile Call Terminating Access Service are defined in Annex C (Pricing Schedule).

**3. SMS Terminating Access Service (Domestic SMS → TELCO PLMN or Domestic SMS → Digicel PLMN)**

3.1 SMS Terminating Access Service is offered by both TELCO and Digicel. SMS Terminating Access Service is the acceptance by a Party (the “Receiving Party”) of SMS from the other Party that are handed over at a Point of Connection and for which a Receiving Party’s Mobile Number is provided, and delivery or offer of delivery of each such SMS to the Designated Destination in respect of that SMS.

3.2 The technical standards and operational processes that apply to SMS Terminating Access Service are defined in Annex D (Joint Working Manual).

3.3 Each Party shall provide the SMS Terminating Access Service to the other Party at a quality comparable to the same or similar services provided to its Customers or to its Affiliates.

3.4 The Charges that apply to the SMS Terminating Access Service are defined in Annex C (Pricing Schedule).
